GitHub | LinkedIn

PROFESSIONAL SUMMARY

Aspiring Machine Learning Engineer and Data Science undergraduate with strong knowledge of Machine Learning, Artificial Intelligence, and software development. Skilled in building ML models, RAG-based systems, and LLM-powered applications using Python and AI APIs. Passionate about solving real-world problems through intelligent systems and continuously learning emerging technologies.

EDUCATION

Chhattisgarh Swami Vivekanand Technical University (CSVТУ) B.Tech (Hons) in Computer Science Engineering (Data Science) CGPA: 8.46	2024 – 2028
Higher Secondary Education (PCM) Percentage: 90.4%	2024
High School Education Percentage: 92.3%	2022

TECHNICAL SKILLS

- **Languages:** Python, C++, SQL, JavaScript
- **Web Development:** HTML, CSS, JavaScript
- **Machine Learning & AI:** Machine Learning, Deep Learning (Basics), RAG Systems, LLM Applications, Prompt Engineering, AI Agents
- **Libraries/Tools:** Pandas, NumPy, Scikit-learn, Matplotlib, Power BI, VS Code, Jupyter Notebook
- **Concepts:** Data Analysis, OOP, APIs, Automation Workflows, Data Visualization

PROJECTS

RAG Based PDF Question Answer System

- Developed a Retrieval-Augmented Generation (RAG) system for answering questions from uploaded PDF documents.
- Integrated semantic search, embeddings, vector database concepts, and LLM APIs for intelligent response generation.

LLM Applications Using APIs

- Built AI-powered applications using OpenAI and Gemini APIs for chatbot and automation workflows.
- Implemented prompt engineering and dynamic response generation using Python.

Machine Learning Prediction Models

- Built multiple ML models for prediction and classification tasks using Scikit-learn and real-world datasets.
- Performed preprocessing, feature engineering, training, evaluation, and visualization.

Data Analytics Dashboard

- Created interactive dashboards and reports using Power BI and Python for data analysis and visualization.

CERTIFICATIONS

- Machine Learning for Data Science – IBM
- Machine Learning Certification – Simplilearn

ACHIEVEMENTS

- Participated in NASA Space App Challenge 2025 at NIT Raipur.
- Attended Climatathon at NIT Raipur in collaboration with UNICEF.
- Participated in IIT Kharagpur NSSC (National Students' Space Challenge) event.
- Achieved recognition in the Space Art 2D competition at IIT Kharagpur NSSC.
